Dear Mr. Grafftey:

I am acknowledging on behalf of Mr. Pickersgill your letter to him of November 19, with enclosures, regarding C.P.R. passenger service in your area. Those originals of your enclosures as have been received in the Minister's Office have been brought to the attention of the Board of Transport Commissioners, as have a rather large number of other complaints on this same subject.

I will ask the Law Branch of the Department to provide me with the information requested in the penultimate paragraph of your letter, and will write you again immediately this is received.

Yours sincerely,

Harris Arbique,  
Special Assistant.
